Dear Howard (Dick),

Urlet 3, postmarked 5, with enclosures, including memo 2/25,came late today. As usual, I'm pressed for time. Jerry is here and others are coming, and I've had many extra things to do. If any of the clips require comment, I'll make them as I read and file. When Dick forwards the copy of the letter to the Memphis editor, you'll see that I have been right in saying we've improved on Orwell, rewriting history before it happens.

Congratulations on successful electronic debut!

Earlier your indication was that Specter is not running for mayor. I do not think this would be because he consider's Cop Rizzo unbeatable. Predict he is lined up with major firm and $$$$$, with possible political future remaining and more $$$. He is on the $$$ trail.And he is the only one to get political benefit from his WC period.

Archives did give numbers on radio dial but that does not say what the set can tune, as I explained. It leaves uncertainty possible.

Ur 2/27 to Arch: I think I checked that tape out and found it to be a fake. There was a real one Mary promised and didn't provide. I have a file on it somewhere before I started carding. The Bell labs found 5 peaks, indicative of 5 shots, bu I don't recall how it was decided it was a fake except on the word of the man to whom it was attributed. Considering tha the reporter who did it live lost his job immediately, there may be some questions if they are one and the same!

Is the first page of the Schlei 8/13/65 that bad? Ask for a clear one. They have the original.

Wothout knowing what is in the list given Justice, it is not possible to know, but this makes it appear that the FBI went over all files of all sources.

Second paragrpah eliminates and excuse for any missing DJ files of any kind. Especially with the fourth list one of what came from other agencies and is missing.

Any significance attach to the FBU not being given those six parts of CD 294 &1114?

Last par offers poss. hanky-panky. It would be interesting to know how many of these were just declassified. Reasons on 1269 not applicable.

Company here.

Hastily,
